Test Your Safe Driving Knowledge	125
Quiz	

- If you are age 16 or 17, you are required to complete a motorcycle safety course.

A motorcycle Temporary Instruction Permit (TIP) is issued if you are at least age 16 and hold a valid Michigan driver's license or driver's license TIP. Applicants ages 16 and 17 must present proof of enrollment in, or completion of, a motorcycle safety course. This requirement may be waived if you have a valid license or endorsement to operate a motorcycle from another state.

A motorcycle TIP is valid for 180 days. When using a motorcycle TIP you must be under the constant visual supervision of a licensed motorcycle operator at least age 18. While using a motorcycle TIP, you may not carry passengers or operate your motorcycle at night.

For more information about motorcycle safety classes or motorcycle endorsements, obtain a copy of the *Michigan Motorcycle Operator Manual* from a Secretary of State branch office or visit the Secretary of State Web site.

## **Recreational Double R Endorsement**

A "recreational double" is a pickup truck pulling a fifth-wheel trailer designed for recreational living purposes, with a second trailer attached to the rear of the fifth-wheel trailer. The pickup truck must have a towing rate equal to, or greater than, the total weight being towed. The total length of the combination cannot exceed 65 feet.

To operate a recreational double, you must have an "R" endorsement on your driver's license. Anyone age 18 or older with a valid driver's license may apply for this endorsement at a branch office. A knowledge test is required. There is no skills test.

Drivers holding a Group "A" CDL with a "T" double trailers endorsement can operate a recreational double without the "R" endorsement. (Triple trailers are not permitted in Michigan.) For more information, obtain a copy of the brochure *A Recreational Double Endorsement* at a Secretary of State branch office or visit the Secretary of State Web site.
